Customer/ Project	Project Scope	Completion Year
<p><b>EKON PROKON PROKON, Turkey</b></p> <p>EUAS Ambarlı 810MWe Combined Cycle Power Plant Repowering</p>	<p>Modernization of Steam Turbine and Generator Control and Protection System including new I&amp;C and new Mechanical Scope; Steam Turbine Hall Mechanical Rehabilitation Works; Implementation of Plant DCS System; Plant Field Instrumentation; Supply of LV Systems and Installation &amp; Commissioning of Whole Electrical Balance of Plant</p>	<b>2013</b>
<p><b>EUAS AMBARLI, Turkey</b></p> <p>EUAS Ambarlı Combined Cycle Power Plant (Fuel Oil &amp; Natural Gas)</p>	<p>Disassembly, Design, Manufacturing, Installation &amp; Commissioning of HP Turbine Outlet &amp; LP Turbine Inlet Pipes (including bypass lines) and of equipment for ST 20 &amp; ST 30 Steam Turbines</p>	<b>2013</b>
<p><b>ATAER ENERGY, Turkey</b></p> <p>Izmir 60MWe Combined Cycle Power Plant Extension</p>	<p>Engineering, Procurement, Automation &amp; Commissioning of HP-LP Pressure Let down System</p>	<b>2012</b>
<p><b>AKENERJI, Turkey</b></p> <p>Bozöyük &amp; Kemalpaşa Combined Cycle Power Plants</p>	<p>Engineering, Procurement, Installation &amp; Commissioning of Natural Gas Preheating System for GE FRAME 6B and FRAME 6C</p>	<b>2012</b>
<p><b>ATAER ENERGY, Turkey</b></p> <p>Izmir 60MWe Combined Cycle Power Plant Extension</p>	<p>Supply &amp; Erection of Heat Recovery Steam Boiler (OTSG), air cooled condenser; complete plant engineering; plant control system supply &amp; implementation</p>	<b>2010</b>
<p><b>AES - ENTEK, Turkey</b></p> <p>Izmit 60MWe Combined Cycle Co-generation Plant Extension</p>	<p>Turn-key construction of GE LM 6000 Gas Turbine, Heat Recovery Steam Boiler (OTSG) and electrical/mechanical Balance of Plant including equipment foundations &amp; complete civil works; complete plant engineering &amp; control system extension</p>	<b>2009</b>
<p><b>DOGA ENERGY, Turkey</b></p> <p>Natural Gas Heating System</p>	<p>Supply and installation of natural gas heating system for 3x GE Frame 6 Gas Turbines</p>	<b>2008</b>

# EPC/EPCM References

Customer/ Project	Project Scope	Completion Year
CTU CONSORTIUM, Switzerland Bromine Recovery Unit Plant	Design and manufacturing of heat recovery steam boiler (6T/h)	2008
SKODA POWER, Czech Erdemir 40MWe Steam Turbine Generator Extension	Civil works including elevated steam turbine foundation, power house building, control building, HDPE sea water cooling lines, cable & pipe bridges	2007
EKON, Turkey Askale Fuel Oil Treatment Plant	Engineering, manufacturing, installation and commissioning of fuel oil treatment plant	2007
OYAK EKON PROKON, Turkey Kayseri Bogazliyan Sugar Factory	Engineering, procurement, erection and commissioning of 2x Steam Boilers (75T/h ea.), 2x Siemens Steam Turbines (8.2MWe ea.) & auxiliaries including boiler control system	2007
MASTIR ENERGY, Turkey Eren Corlu Power Plant	Engineering, supply, installation and commissioning of Dearator (53m <sup>3</sup> ) for steam boiler (135T/h)	2007
ENERJISA, Turkey Kentsa Power Plant Auxiliary Boiler Extension	Design, manufacturing, supply & installation of heating coils for auxiliary boilers	2006
CERKEZKOY & NAR ENERGY, Turkey Cerkezkoy 48MWe Co-generation Power Plant	Turn-key construction of GE LM 6000 Gas Turbine, Heat Recovery Steam Boiler (OTSG) and electrical/mechanical balance of plant including equipment foundations and complete civil works; complete plant engineering & control system supply; 5 km self isolated underground steam distribution piping, instrumentation & control system	2006
